1. According to a Kaggle survey, which is the most important technical skill for a data scientist to develop?

1 / 1 point

- ☐ Apache Spark
- ☒ Python
- ☐ C++
- ☐ Apache Hadoop

✓ **Correct**

Correct. Python is the most widely used tool and the skill most data professionals advise data scientists to acquire.

2. The US Bureau of Labor Statistics estimates “much faster than average” job growth in data science over the next 10 years. What percentage did they estimate?

1 / 1 point

- ☐ 50%
- ☐ 10%
- ☐ 80%
- ☒ 31%

✓ **Correct**

Correct. Data science is one of the fastest-growing professions in the world.

3. Where is the best place to host your portfolio?

1 / 1 point

- ☐ Indeed
- ☒ GitHub
- ☐ Kaggle
- ☐ Reddit

✓ **Correct**

Correct. GitHub is familiar and accessible to most tech professionals, and using it shows your familiarity with this common resource.

4. What is ATS software?

1 / 1 point

- ☒ Software that tracks applicants and their resumes
- ☐ Software that generates resumes using templates
- ☐ Software used as an example in a portfolio
- ☐ Software that automates the process of applying for a job

✓ **Correct**

Correct. Employers often use applicant tracking system (ATS) software to filter resumes, which simplifies finding the applicants they want to interview.

5. If you use a bulleted list, the bullets should be:

1 / 1 point

- ☐ Single words only
- ☐ One paragraph each
- ☒ Informative but concise
- ☐ As long as they need to be to convey the information

✓ **Correct**

Correct. Bullet points should be brief, so edit carefully to make sure they include good information.
